raul.mariani@community.isunet.edu

PROFESSIONAL PROFILE

Raúl is a hardworking student in the early stages of his career. With a varied background in mechanical and aerospace engineering, as well as space policy and entrepreneurship, Raúl is prepared to tackle different challenges encountered in the space industry. Raúl is an excellent candidate for multiple positions, like Mission Planner and Operations Specialist, Systems Engineer, Business Developer, Space Policy Strategist, Aerospace Engineer, Mechanical Engineer, Analog Astronaut, Analog Astronaut Trainer.

EDUCATION

Master of Space Studies, *International Space University (ISU)* Strasbourg, France | Expected May 2027
- Focus on Space Policy and Entrepreneurship

MEng in Aerospace Engineering, *University of Cincinnati (UC)* Cincinnati, Ohio | May 2025
- GPA: 3.933

B.S. Aerospace Engineering, *Case Western Reserve University (CWRU)* Cleveland, Ohio | May 2024

B.S. Mechanical Engineering, *Case Western Reserve University (CWRU)* Cleveland, Ohio | May 2024
- Dual Bachelor's in Mechanical and Aerospace Engineering

CORE SKILLS

Technical Skills	Personal Skills
Catia, Fusion, SolidWorks, STK, Mini REFPROP, vibe coding, NX, MATLAB,	Fluent in English and Spanish; leadership, teamwork, budget tracking, data analysis

RELEVANT EXPERIENCE

Class Representative, *International Space University* Oct 2025–Present
- Elected by my peers, tasked with representing 43 students from 23 nationalities by collecting, analyzing, and communicating student feedback as well as recommending improvements to the Academic Council and the university administration.

Logistics Coordinator / Human Resources Team Member, *ISU Team Project* Oct 2025–Present
- Coordinate logistics and evaluate feedback from 20 team members to improve team support and project execution.

MMAARS Trainer/T.A. *MMAARS / PRSF Virtual Analog Astronautics Programs* May 2025–Present
- Instructed, mentored, and translated for 5 cohorts for 57 graduates through successful completion of the virtual analog astronautics for Mars-Moon Astronautics Academy & Research Science (MMAARS) coursework in partnership with Puerto Rico Space Foundation (PRSF). 35 hours per week of work.

Vice Chair / Member at Large, *SEDS USA* Nov 2022–Nov 2024
- Got elected to the Board of Directors for Students for the Exploration and Development of Space (SEDS). Led monthly organizational updates to the 14-member Board of Advisors. 10 hours per week
- Organized SpaceVision conferences serving 434 participants in 2023 and 337 participants in 2024.

SEDSUSA Representative, *Alliance for Space Development* Nov 2022–Nov 2023
- Represented SEDS USA and the young space professionals 1 hour per week in board discussions on national space policy issues and campaigns to be implemented in Washington, D.C.

Founder, President, Treasurer *SEDS at CWRU* Mar 2020–Apr 2024
- Founded the SEDS chapter at CWRU by meeting university and national requirements, building an executive board, and recruiting members.
- Secured the maximum funding allocation of $4,000 to support attendance at SpaceVision.
- Assisted in organizing a space week culminating in the total solar eclipse event of April 2024 at CWRU for over 1,000 attendants.

Co-Op Engineer, *Heroux-Devtek* Aug 2022–Aug 2023
- Led a Research and Development project from start to finish, creating, drawing, and assembling parts in Catia, as well as inspecting the final product once it was manufactured. Supported the engineering team with their projects for 40 hours per week. Participated in the yearly inventory check

• Went through orientation and training for handling classified information. Potential low-level clearance.

ADDITIONAL EXPERIENCE & LEADERSHIP

Budget Coordinator, *ISU Intercultural Events Committee* Nov 2025–Present
• Manage a budget of 1,160€ for five intercultural events, track reimbursements, and provide guidance and suggestions to maintain spending within planned limits.

Team Lead, *ISU Robotics Competition* Feb 2026
• Led a seven-person robotics team in a Lego robotics competition tasked with building and coding a robot that would be able to collect as many objectives as possible, avoid obstacles, and return home, earning second place out of 6 teams.

Project Manager, *Case Western Reserve University* May 2023–Dec 2023
•Project Manager of 9 people for Motorcycle Engine Company for the Design for Manufacturing course.

Engineering Intern, *WS Tyler* May 2022–Aug 2022
• Designed over 100 parts and drawings, and assembled them in Fusion for one of the company's main products, working for 40 hours per week. Performed plant machine maintenance and used industry software in a manufacturing environment.

Legislative Intern, *Puerto Rico House of Representatives* Jun 2020–Jul 2020
• Researched and drafted legislation with an elected official for 40 hours per week that would impact 3.3 million citizens.

President of Electoral Board, *Academia del Perpetuo Socorro* Aug 2017– May 2019
• Led a 15-person electoral board organizing class, school, and mock national elections for 500 students.

VOLUNTEERING EXPERIENCE

Event Volunteer, *Cleveland Rape Crisis Center (CRCC)* *Apr 2023*
• Supported the preparation of an event that raised $1.318.40 for the CRCC.

Event Volunteer, *Children's Miracle Network* *Feb 2023*
• Supported the preparation of an event that raised over $2,800 for the Children's Miracle Network.

Race for the Cure Volunteer, *Susan G Komen Foundation* Apr 2019
• Supported the preparation of the race by giving equipment as well as working in the oasis center, providing water for 8,000 runners.

Model UN Volunteer, *Academia del Perpetuo Socorro Model UN Club* Apr 2019
• Supported, judged, and made sure rules of procedure were followed for over 100 participants.

Light the Night Volunteer, *Leukemia & Lymphoma Society* Feb 2017
• Supported a patient as a team walking and raising funds to combat blood cancer.

CERTIFICATES & AWARDS

MMAARS / PRSF Virtual Analog Astronautics Programs Nov 2025–Present
• Certificate of Completion for MMAARS Level 1 and 2 Virtual Analog Astronautics Program, leading a crew of 4 as Crew Commander and Crew Astrogeologist, and a crew of 5 as Executive Officer and Chief Engineering Officer. Earning scholarships for the MMAARS Level 2 and 3 Virtual Analog Astronautics Program and an in-person mission scholarship.

NASA L'Space Workforce Development Program Aug 2021–Dec 2021
• Certificate of Completion for NASA L'Space program, leading a team of 8 as Deputy Project Manager in planning a Mars mission focused on water, astrobiology, and human exploration.

Rensselaer Polytechnic Institute (RPI) Summer Program July 2018
• Certificate of Completion at RPI Summer Program in Aerospace Engineering

Clemson University's Summer Scholars June 2018
• Certificate of Completion at Clemson University's Summer Scholars program in Physics and Astronomy

Arecibo Observatory Space Academy (AOSA) Aug 2017–Nov 2017
• Certificate of Completion for AOSA Academy, earning 60 NSF-certified research hours. Earned the Most Deliverables Award, being the student who did the most tasks on time.
